LAS CRUCES AND MESILLA VALLEY

GOOD ROADS IN THE MESILLA VALLEY

Meeting Scheduled for Jan.
6 Postponed Because the
Governor Can't
Attend.

Las Cruces, N. M., Jan. 3.—Because
neither governor George Curry nor
Judge W. J. Mills, the recently ap-

pointed governor, could attend the good
roads meeting which was to have been
held at the armory under the auspices
of the Mesilla Valley chamber of com-
merce on January 6, the meeting has
been indefinitely postponed. This an-
nouncement was made this morning by
secretary A. R. Coleman, of the cham-
ber of commerce, after a message had
been received from the two men who
were to have been the guests of the
city and to have addressed the meeting
on the subject of good roads.

The subject of good roads, however,
is not being allowed to lose interest
for the movement for better roads in
the valley is being boosted by the
ranchers. An effort will be made to
have a number of the cowboys from the
Santa Fe penitentiary stationed in the
valley for road building work. If this
can be done the El Paso road will be
completed to the Texas line to connect
with the one that El Paso county is
building north from El Paso.

For Lame Back

Weak Kidneys, Backache, Rheumatism or Lumbago it is
absolutely essential, in order to obtain satisfactory results,
that you take a reliable preparation that acts directly on the
Kidneys. Many persons trust to luck for a cure. No remedy
will be found more satisfactory than

Pineules

Delays are dangerous. There is no more com-
mon complaint than Kidney complaint. Nature
always gives due warning and failure to heed
same may result in Diabetes, Lumbago, Bright's
Disease, or some other serious affection of the
Kidneys. Pineules are readily and naturally ab-
sorbed and assimilated by the stomach, driving
out the poison due to disordered conditions of
the Kidneys or Bladder. They purify the blood
and invigorate the entire system. The first dose
will convince you that Pineules will do all we
claim for them. Get a bottle TO-DAY.

Pineules are put up in two sizes; \$1.00 and 50 cents. The dollar size contains
1½ times as much as the 50 cent size.

UPPER VALLEY TO HAVE NEW ROAD

Santa Fe Grants Right of
Way From Anthony to
Mesquite.

Berino, N. M., Jan. 3.—Announcement
is made by governor George Curry to
R. E. Bowden, secretary of the Berino
Anthony Farmers' association that the
Santa Fe railroad will lease 40 feet
of its right of way for use as a public
road from the state line at Anthony
north to Mesquite station, a distance
of 19 miles. Mr. Bowden has been
working along the lines of this propo-
sition since last fall when the Santa
Fe people offered 25 feet which is now
increased to 40 feet.

Not anticipating the action of the
Santa Fe residents of Earliman have
opened a road outside of the railroad
right of way from that point north to
Mesquite about four miles of land for
the road being donated by Eli Newson,
P. M. Gallagher, Wm. Brown and Chas.
Campbell.

Messrs. Belk, the Bowden Ranch Co.,
C. A. Thompson and others have fin-
ished a reinforced concrete headgate
with two outlet boxes into concrete
ditches on each side the main ditch to
replace lumber that formerly was there.
The initial expense, \$43, was slightly
higher than a lumber structure, but the
durability makes it many times
cheaper.

Mr. and Mrs. Battelle White and Mr.
and Mrs. C. J. Anstrand, of El Paso,
were guests of Mrs. J. H. James re-
cently.

J. L. Thompson was a recent visitor
to El Paso with his daughters, Mrs. E.
K. Talbot and Miss Ellen Thompson.

The public school reopened this morn-
ing.

C. N. Gibson has moved to his ranch
which was leased to W. E. Raines until
lately and Mr. Raines now occupies the
H. Wilson place.

The bridge across the river between
here and Chamberino is completed.
Mrs. Carl Price and children were
among the El Paso visitors recently,
while Mr. Price visited in Las Cruces.

Dr. J. A. Rawlings is making ex-
tensive additions to his residence here,
while Geo. W. North's home near An-
thony, is being completed.

Considerable building is going on in
Berino since deeds to the town lots
are being issued by the probate judge
through whom the townsite application
was made.

S. G. Kilgore and Jeff Lewis are on
the sick list.

Quite a large acreage is ready for
wheat and alfalfa planting when water
is turned in from the river, which will
be done between now and January 16.

**LAS CRUCES CITIZEN
HAS LEG BROKEN AT DEMING**
Kicked on the leg by a vicious horse
while visiting his son near Deming,
Christmas, J. C. Roseborough, of Las
Cruces, was brought here and is now

confined to the Providence hospital. The
accident happened on a ranch near Dem-
ing and Mr. Roseborough was brought
to El Paso for treatment immediately
after the accident. He is well known in
Las Cruces and the Mesilla valley, hav-
ing recently purchased the Carrera
home on the college drive between Las
Cruces and Mesilla Park.

GOOD STREETS ADVOCATED HERE

Has Moving Picture Films
Showing How Streets
Are Repaired.

Moving pictures to show how paved
streets are kept in repair, will be
shown before the mayor and city council
and any other persons interested in
street paving, in El Paso tomorrow. B.
B. Colborne, representing a Kansas
City firm, was in conference with city
officials today making arrangements
for the exhibition and decided to hold
it Tuesday afternoon at 2 o'clock in the
Empire theater on South El Paso
street.

Mr. Colborne is not selling anything,
but is showing moving picture films
of machinery used for keeping streets
in repair, and has 450 feet of these
films, showing the operation of keep-
ing streets in good shape. While the
films are primarily for the eyes of
municipal officials, Mr. Colborne wants
all El Pasoans who are interested, to
come and see them. The show is free.

"El Paso is the best paved city in
the country for its size," said Mr. Col-
borne today, in the office of the city
engineer Todd, "and you have no idea
the advertising it is giving the city. I
hear El Paso discussed wherever I go,
but I was really surprised at the ex-
tent and quality of the paving you
have here. Keep it up; no city ever did
a better lot of advertising than it can
do by paving."

MEXICAN PLEADS GUILTY TO MURDER

Is Not Affected by Sight of
Bloody Knife Used to
Kill Rival.

With the same air of bravado that
he evidenced when he was arrested on
a charge of murdering Gregorio Navar-
ette on Nov. 17, Jesus Perez declared in
justice Watson's court this morning that
he had stabbed Mrs. Rita Marshall to
show her that he was a man.

Justice Watson again showed him the
blood stained knife, with which he had
ended Navarrette's life and had disfigured
the Marshall woman, and, with
eyes staring at the steel, he grinned
sarcastically, and, with a shrug of his
shoulders, he sat down and glared at
the woman whose life he attempted to
take.

Mrs. Marshall, who was reported mis-
sing, had not left El Paso but was with
friends in the southern part of the city
and did not know the authorities want-
ed her until a few days ago, when they
found her.

She appeared in the justice court this
morning and Perez was bound over to
the grand jury in the sum of \$500 on a
charge of assaulting her with intent to
murder.

down a 10-foot embankment, but that
few were injured. A cylinder head on
the locomotive blew out, spreading the
rails, it is understood. Southwestern

the wreck.

MESA AVENUE CROSSING BLOCKADE IS RAISED

The blockade which has kept at the
Mesa avenue crossing of the G. H. &
S. A. since before Christmas has been
raised and it is now possible to go to
the transalpine side of the tracks with-
out doing any ground and lofty moun-
tain climbing over rock piles, small
mountains of dirt and barriers five rails
high. The paving company and the rail-
road have been in a conspiracy to give
the north side a smooth crossing over
the G. H. tracks. The concrete base to
the crossing and the bicultural paving
has been put down and it is now possible
to get home to dinner in the evening
without starting before luncheon.
